

# CIPHER WHEEL

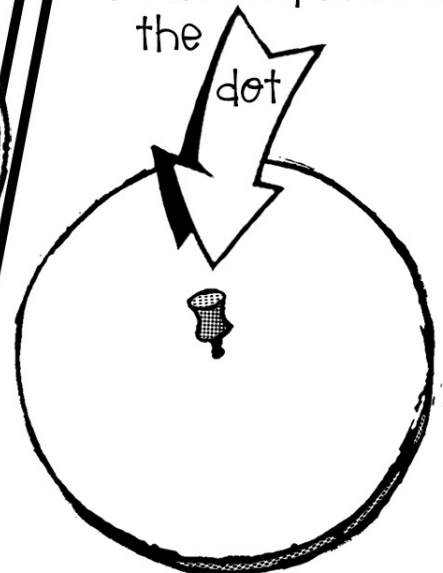

## MATERIALS:

- Cardstock copy of the \*Cipher Wheel Template\* (In the back of the book)
- Brass Fastener 
- Markers

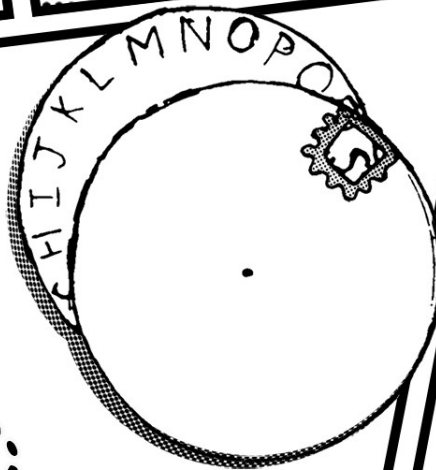

Cut out the templates

Stack the templates on top of each other, lining up the middle dots. Use a thumbtack, golf tee, toothpick, or a pointy scissor tip to CAREFULLY poke a hole through both templates at the

Cut two windows just big enough for a letter anywhere on the top template.

## TRICKS:

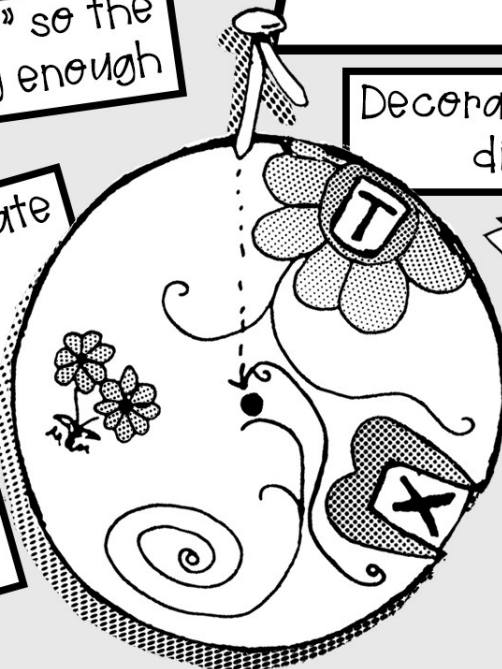

Put them against a window to see the letters, and outline lightly in pencil

Use a big letter like "W" so the windows are big enough

Decorate the windows differently!

Decorate the top template BEFORE using the BRASS FASTENER to connect them together.

Now write secret messages!

Cut a window or just a notch, both work fine!
